DR. LUNDY ADAMS HEADS ULVAH-LINEFORK FISH AND GAME CLUB.

ULVAH-LINEFORK CLUB HOLDS BIG PICNIC SUNDAY

There was plenty of good food of every description and more good fellowship to match that food as the Ulvah-Linefork fish and game club played host to approximately 150 members, families and guests at Ulvah Sunday.

Included among the distinguished guests invited to the first big picnic that club has held were George Furse, manager of the Wardrup Provision Company plant at Blackey, Sheriff Hassel Stamper, County Judge Robert B. Collins, County Court Clerk Charlie Wright, County Attorney J. L. Hays, Eagle publisher and Mrs. W. P. Nolan, Dr. B. F. Wright, and 7th District Game Commissioner Roscoe Davis of Hazard.

Dexter Dixon presided at the occasion until Dr. Lundy Adams, President of the club arrived to take his place and introduce guests of the club. Each guest was called upon to give a short talk and all obliged and helped carry out the day's theme, which was "What good clubs like the Ulvah-Linefork Fish and Game Club can mean to citizens of Kentucky."

All speakers pledged their fullest cooperation to conserve game and wildlife and expressed their delight to be present.

County Attorney J. L. Hays made a short talk on conservation, comparing the time when he grew up with the present. Hazard's Roscoe Davis told why we should preserve game and wildlife for future use.

Dr. B. F. Wright, who closed out the speaking, urged particularly the avoiding of forest fires, which have proven such a great loss to our people in the past. He pointed out that not only timber, but also soil and wildlife suffered from forest fires.

Attorney Hays and Dr. Wright had also mentioned that during their terms of offices served in the county, the Ulvah-Linefork section had proved to be the best in keeping the law.

After introductions, President Adams asked the women to prepare dinner and those women laid out a feast fit for the King and all his men. Just about any good foodstuff mentionable was spread before those present and a few county officials were noticed going back for a third helping. However, most could only hold two servings. Still, there was plenty of food left.

28 IN CALL FOR AUG. 25

A re-examination call for August 25 lists 28 Letcher County youths, Local Board 58 officials announced.

In that call are Bryon Tyler Jr., Hiram, Ky.; Pearl Bailey, Florence, Arizona; Windes Reed Caudill, E. Chicago, Ill.; J. P. Craft, Cincinnati, Ohio; Louie Martin, Democrat; Hubert Bailey, Letcher; Jesse Murphy, McRoberts; Eugene Watts, Waynesburg, Ky.; Wilburn Cornett, Gordon; Kenil Bowman, Eolia; Olan Smith, Linefork; Ernie Craft, Vico; Billy Bays, McRoberts; Willard Bryant, Jackhorn; Marvin Shepherd, Gordon; Ralph Kiser, Democrat; Vernon Cornett, Detroit; Cecil Johnson, Payne Gap; Elzie Elswick, Detroit; Bill Sparkman, Banks; Cecil Boggs, Eolia; Elbert Pete Kilbourne, Indianapolis, Ind.; Harlas Hall, Deane; Harold Larue, Ermine; Glenn Robert Bowman, Eolia; Carl Hall, McRoberts; Wilbur Ison, Wintz; Lenville Ison, Osaloosa.

County Agent Robert Fike gave a slight preview of a big event for county cattle raisers which is scheduled to come off September 26 of this year.

That event will be a cattle show in which seven different classes of cattle may be entered for cash prizes.

Mr. Fike urges all Letcher Countians having cattle of which they are proud to start getting those cattle ready to compete in the following classes:

(1) Best beef type up to two years; (2) best beef type two years and over; (3) best beef type cow; (4) best beef type heifer; (5) best milk cow; (6) best heifer mild and (7) best cow and calf and cow and calf plan.

Townsel C. Adams, 62 Rests In Mayking Cemetery Today

An old soldier who didn't just fade away was laid to rest among friends in the Mayking Cemetery today.

That old soldier, 62-year-old Townsel C. Adams of Whitesburg, was one of the best known and most loved citizens of Letcher County and he had served those citizens through two wars and the Mexican Border trouble of 1916.

Former Captain Adams, of the U. S. Army, didn't die among the folks in his home county of Letcher but nevertheless he was among comrades when he passed this life at the Veterans Hospital in Louisville Tuesday morning at 2:00 o'clock of a heart condition.

He had only lived in Louisville a short while, moving there with his family only a few weeks ago, after claiming Letcher County as his home since February 2, 1890 when he was born on Carr's Fork, the son of J. Wash and Cornelia Webb Adams.

In his youth, Townsel attended Berea College from 1910 to 1913. At the age of 22 in 1912, he joined Co. D of the 2nd Kentucky Infantry in Whitesburg, a National Guard outfit.

He accompanied Co. D to the Mexican border in 1916 and was later called to duty with the Company in World War I, training at Camp Shelby, Miss., where Company D of the 2nd Kentucky Infantry became the 149th Infantry Regiment of the 38th Division.

The Division went overseas in September, 1918 and saw very little front line duty as the armistice was signed the following month. Then a Lieutenant, Adams returned to Kentucky where he continued his college career at the University of Kentucky studying Mining Engineering.

He returned to Letcher County and became active in community life until April, 1942, when he was once again called to the service of his country, this time to England and France as a Captain in the Army. Captain Adams served during that Second World War for four years and was retired in 1946 after having served his country in time of war three times over a period of thirty years.

After the war and continuation of Selective Service, Captain Adams was the logical choice to serve as Chairman of Local Board 58, Whitesburg and he accepted that responsibility with the same willingness he had always shown toward serving his country.

He was a member of the Whitesburg Lodge 754 F&AM, the American Legion and the Pine Mountain Hunting Club.

He had been a member of the Baptist Church since he (Continued on classified page)

Meeting Scheduled For Swimming Pool Play Ground Projects

All citizens of Whitesburg and vicinity interested in a swimming pool and playground within the city are urged to meet with the Athletic Association at the Fiscal Courtroom Monday, August 18 at 7:30 to discuss a proposed site and plan for giving Whitesburg adequate recreational facilities.

The project Whitesburg's Athletic Association has in mind is not a "one-man's" affair... rather it is to be a community project and the more persons who turn out for Monday's meeting, the better chance the project has to succeed.

Expected at the meeting are every businessman in Whitesburg and businessmen from other parts of the county, representatives of every church, civic club and organization in the Whitesburg vicinity and many interested citizens.

To be discussed at the meeting is a proposed site within easy access to every child in the city. The site is large enough to afford room for a swimming pool, softball park, tennis courts, parking, and minor sports.

At the meeting, each person and business man will be told what he or she can do toward assuring a beautiful and useful recreational area for

Prior to the business meeting, a film of the Kentucky-Florida football game of last year will be shown.

Athletic Association members are reminded that the meeting will serve as the regular planned meeting of that group.

Pike Graduates Six Countians

Six Letcher County students were among the 37 graduated in Pikeville Junior College's annual summer commencement exercises Friday night.

Dr. Vernon P. Martin, Jr., pastor of the Second Presbyterian Church of Wilksburg, Pa., a suburb of Pittsburgh, addressed the graduates.

The class, second largest ever graduated at a summer commencement at Pikeville, included 36 prospective teach-

Ritter Accepts Basketball Job At Hazard High

Goebel Ritter, who led the Fleming-Neon basketball team to the semi-finals of the 14th Regional tournament at Hazard last year, has resigned as coach of the Letcher County team to accept a similar position at the Hazard High School.

He replaces Homer Osborne who resigned as Hazard basketball coach at the end of last season's play to return to Dental school.

Ritter came to Fleming-Neon last year after playing three years professional basketball with the New York Knickerbockers. He is a graduate of Eastern State College, holding a Master's degree.

At Fleming-Neon, last year, Ritter's team compiled a 14 won, nine lost record in season's play and a two-two record in tournament play. They won over Viper and lost to Hindman in the regional tournament. In their first meeting of the season, Ritter's Pirates beat their arch-rival Whitesburg's Yellowjackets by a 57-51 score. Whitesburg avenged the defeat by beating Fleming-Neon in two others encounters during the season.

Ritter had replaced Darrell Jones as head basketball coach and Jones had been moved to head football coach.

Farm Families Urged To Attend Round-Up On Jeremiah Farm

Farm families are invited to the annual farmers round-up to be held on Willie Hampton's farm on Rockhouse, Friday, August 22, County Agent Robert Fike said today.

Beginning at 10:00 (CST) the annual farmers roundup is planned for the benefit of farmers and their wives as well Mr. Fike said. The morning program for the women will include information in regards to the proper use of our home freezers.

With capable speakers from the University of Kentucky, small farmers will receive some helpful suggestions on planning their home operations. Mr. Eddy Daniels, Farm Management Specialist, will take part in this event.

Also Mr. John Gardner, garden specialist, will give helpful aids on gardening. Mr. Ralph Ramsey, Sociology specialist, will talk on farm organization.

Mr. Hugh Hurst, former Letcher County Agricultural Agent, will lead the farmers tour and discuss practices being carried out and farm progress of Letcher County.

Each family is invited to attend and also to bring a basket lunch so an old fashion picnic can be enjoyed by everyone. Drinks are to be furnished by the Coca-Cola and Royal Crown Bottling Companies.

The Farmers round up has been conducted in the county for the past decade.

Andy Fields Dies At Jenkins Hospital

Andy Fields, 50-year-old Osaloosa miner, died at the Jenkins Hospital Monday, August 11 and was buried in the Fields Cemetery Tuesday morning.

County Re-Districting Program Discontinued By County Court Upon Board's Request To Judge

The Letcher County Registration Board, after working diligently for a week in an attempt to send our personal letters to the seven or eight thousand persons whose voting precincts would be affected by re-districting of the county's 54 precincts, has asked the County Court to discontinue the re-districting project until a later date.

Neon-Wayland Bus Line Open

Sparks Brothers Bus Company of Prestonsburg has been running three buses a day both ways on the Wayland to Neon route, for which that company recently purchased a franchise.

A schedule of runs has not been released by the company. According to a driver for the company, an experiment is presently in progress to determine at what hours of the day travelers in that vicinity would prefer to have bus transportation.

The run covers about thirty miles and hits Letcher County on one end, Floyd County on the other and Knott County in the middle.

The Wayland-Neon route is added to Sparks Brothers' routes, extending from Prestonsburg to Hazard, Prestonsburg to Wheelwright and Prestonsburg to Wayland, giving the company bus line coverage of approximately 165 miles of highway. The company's 11 buses are now operating approximately 30,000 miles a month.

A REMINDER TO REGISTER

All persons wishing to register for the November election should do so between now and September 6, County Court Clerk Charlie Wright reminded today.

Visiting Rotarians Tell Need For Developing Pine Mountain

Two distinguished visitors from the Harlan County side of Pine Mountain gave Whitesburg Rotarians a straight from the shoulder talk on tourist possibilities of this end of the great state of Kentucky at Tuesday's regular luncheon meeting of the Whitesburg club.

Those visitors were Morris Scott and Curtis Wainscott, President and vice-president respectively of the Cumberland Rotary Club and their interest was confined mostly to developing Pine Mountain as a tourist attraction.

Mr. Scott did most of the talking while Mr. Wainscott, past president of the Kentucky Photographers Association, showed scenic pictures of spots on Pine Mountain and in Harlan County which could be developed as tourist attractions.

In his talk, Rotarian Scott gave facts and figures on the development of the Great Smoky Mountains as a tourist attraction and compared those facts and figures with what we have in this section could have done or could do toward making our beauties of nature more attractive to outsiders.

Mr. Scott pointed out that tourist attraction is to get action started on promotion and we need political pull in order to keep the proper promotion.

He showed where state governments had been behind the Smokies and given good publicity to those mountains while the State of Kentucky has done nothing to further Pine Mountain as a tourist attraction.

The coal industry is dying,

Lack of sufficient time between now and September 6, when registration books close, was given as the reason for the Registration Board's request and County Judge Robert Collins granted that request after noting that completion of the re-districting project within the next month would be a near impossibility.

Registration Board Chairman A. C. Day pointed out that the Board would have to spend ten to fifteen days to prepare personal letters, ten days would be required in which to give voters time to answer the letters and fifteen to twenty days would be required to change precincts after the letter came back to the Board.

All totaled, re-districting would take thirty-five days at least if everything went off like clockwork, which just doesn't happen in such a project where citizens have to be depended on to answer letters or appeal at the courthouse in a short period of ten days, Registration members said.

The re-districting had been to cut Letcher's 54 precincts down to 42 precincts, taking voters from heavy precincts and adding those voters to nearby precincts with a small number of voters registered.

The move was to conform with state law, as registered during the 1952 session of the Kentucky General Assembly. The law states that no precinct shall have more than 350 voters. According to the law, Whitesburg should have four instead of two precincts.

Mr. Scott stated and we must fill the need for another source of revenue. He said the tourist trade which would come with development and promotion of the Pine Mountain area was our best bet for that other source of revenue.

In giving the magnitude of business which a good tourist location brings to a community and county, Scott pointed out that 175,000 persons visited Smoky Mountain Park in July. "That's big business," Rotarian Scott told the Whitesburg Rotarians.

After Mr. Scott closed with an appeal for Whitesburg, Cumberland and other communities in the Pine Mountain vicinity to work together and boost Pine Mountain as a tourist spot, Curtis Wainscott, of Wainscott Studios in Whitesburg and Cumberland, took over and showed scenic pictures which he has taken of this section of the country.

Among those pictures were such scenes as Rebel's Rock, Raven Rock, Cumberland's scenic Golf Course and general Pine Mountain scenes. Mr. Wainscott is well known among Kentucky photographers for his nature scenes.

Your Help Is Needed By Whitesburg's Children

Are you one of those persons living in the Whitesburg vicinity who has repeatedly said, "We must get our children off the streets and in order to do this, they must have a place to play?"

Have you at times deplored the fact that your child had to hang around the pool room or some juke joint or perhaps go to Vicco or Cumberland to satisfy his yen for a little "fun?"

Or are you one of those businessmen who realizes how important an attractive town is to your business and you know that a town which is attractive is not a town whose streets are filled in the summer months with loafing kids.

Our children reflect ourselves and our town, and when we deny those children we deny our town and ourselves. Therefore, if you are in either of the categories we mentioned above, and you will undoubtedly fit into one, you are expected at the Fiscal Courtroom Monday evening at 7:30 o'clock to hear and be asked to take part in one of the biggest projects to help youth which has ever been even mentioned in the city of Whitesburg.

Behind the project so far is the entire Athletic Association and one man has started the ball rolling with a sacrifice which we cannot expect to be neared by anyone in the city. That man will be asked to keynote Monday night's meeting and it will be interesting to hear what he has to say.

Every year, a different idea is hit upon by which Whitesburg will have a swimming pool and or playground and every year ideas are turned down for either lack of soundness and practicability or lack of spirit and co-operation among the persons who can make such a project a reality. Usually no big move is made in the direction of a swimming pool and playground. This time that move has been made and the ball has been centered. It is up to the persons catching the ball to determine whether the project is to be stopped in its tracks or carried through to its goal and a victory for our kids.

We believe now is the time to start and finish a longed thought of and dreamed of project and if any citizen or businessman misses Monday night's meeting for any reason other than illness or death, we are going to assume that person is not interested in even hearing of a project which will definitely mold better citizens of the future for this county.

So be there Monday night and let everyone know you're willing to listen to what can be done if everyone cooperates.

KENTUCKY NEWS IN BRIEF

Gov. Lawrence W. Wetherby directed State Superintendent of Public Instruction Wendell P. Butler to set in motion machinery for the handling of the Korean GI Bill of Rights Program in the State. Butler said his department would determine what agency should handle the recommending of schools under the program.

Violators of local option laws will be fingerprinted and photographed from now on, Alcoholic Beverage Control Chairman Guy C. Shearer disclosed. The fingerprints and photographs will be filed with the State Police and the Federal Bureau of Investigation. Shearer said, also, that persons applying for beverage licenses will be checked with the Police and FBI for possible past violations.

The Kentucky Public Service Commission continued until September 24 hearings on the application of General Telephone Company, Lexington, to increase its rates \$727,000 a year.

Kentucky is not widely known as a railroad state, yet the world's largest switchyard is operated at Russell by the Chesapeake and Ohio.

Many nationally famous figures are buried in the historic cemetery in Frankfort. Among them are: Daniel Boone; soldier-poet Theodore O'Hara; vice-president Richard M. Johnson, and General Simon Bolivar Buckner.

New Bus Route Helps Many County Citizens

A recently opened bus line between Wayland and Neon stands to serve as a great help to citizens of three counties situated on the line which runs through an area of new coal development.

Letcher County seems to be in the position to profit most because of the new line since Neon, at the Letcher County end of the line, offers more as a shopping center than any town within 20 miles of Wayland on the Floyd County end.

Both Letcher and Floyd counties, realizing the importance of good transportation for the citizens located on the new line, have good roads within their boundaries. Only about six miles of Knott County, in the center of the line, is unpaved and dusty. The State Highway Department is supposed to fix that stretch of road in the near future, giving a good drive over the entire 30 mile route from Neon to Wayland.

There has previously been no bus line through the route, which was opened as a major road-way only a few years back. Bus line franchise for the route was purchased by the Sparks Brothers Bus Company of Prestonsburg and that company presently has three bus runs on the route.

A permanent schedule has not been released for bus runs on the route as of yet, since at the present the company is experimenting as to when the best bus hours will be for the majority of the traveling citizens.

We welcome the new bus line and the Sparks Brothers Company which has a good service record over the past. Our citizens needed that bus line.

Be Sure To Register

Now is the time to register in order to vote in the big general election in November. All citizens of voting age who have not registered in the past are urged to visit the County Court Clerk's office and register between now and September 6, at which time registration closes.

Remember that the right to vote as we please is one of the great heritages of our democracy and as long as we vote we will always have that democracy.

But we can't vote without registering our willingness to be recognized as a free American . . . so make it a point to get your name on the list of voters in your precinct and community. Your vote means a lot.

You Can Whisper - and Be Heard!

We should like to have you come in for a ride in a Golden Anniversary Cadillac. And when you do, we hope you will just sit back and relax . . . and listen!

And what will you hear?

Well, you'll hear the soft sound of the wind as it slips past the streamlined body . . . and, possibly, the quiet ticking of the electric clock.

But aside from these—you'll hear almost nothing. In fact, you'll find you can actually whisper—and be heard by your fellow-passengers!

We want you to experience this because nothing speaks more eloquently or more convincingly of motor car quality than—silence!

It tells you, first of all, that here is automotive engineering at its superlative best. For such silence of

operation can only come when every phase of the car's performance is in perfect harmony.

It speaks of precision—for only the greatest accuracy in design and construction can result in such remarkable freedom from vibration.

It is a testimonial to fine craftsmanship—to quality materials—and to scientific styling.

And, of course, this marvelous quiet foretells many of the pleasures and satisfactions you would enjoy as the car's owner. It promises rest—and relaxation—and peace of mind . . . and a minimum of upkeep expense.

So why not take our suggestion—and come in and drive this beautiful Golden Anniversary creation? Let it tell you its own wonderful story through the things you cannot hear!

BUICK'S POWER STEERING?

It's the big NEWS of the year

THERE is a host of things that endear a ROADMASTER to anyone who loves to drive.

There's the might of its Fireball 8 Engine—most powerful ever put in a Buick.

There's the thrift of its Airpower carburetor—a four-barrel automatic that literally brings increased power right out of thin air.

There's its hushed and luxurious silence—its poised and level ride that cost a million dollars to develop—and the infinite smoothness of its Dynaflo Drive.

But the thing that has brought the most cheers for this big and obedient beauty is Buick's version of Power Steering.*

Gone is the tug of turning, parking, maneuvering in small space.

Power Steering takes over the effort of turning the front wheels—makes it a one-hand operation.

Do you have to learn to drive all over again if you have this new Buick feature?

You definitely do not. On the open road, you have that same sure sense of command that you've always had. Coming out of a curve, you can loosen your grip, and the front wheels right themselves just as they do on every Buick.

But you'll notice this: When you suddenly hit loose dirt or sand—or a stretch of rough road—Power Steering smoothly goes into action—helps take up the jerk—makes control of the wheel easier and driving safer.

Wouldn't you like to try out this newest wonder—on a ROADMASTER or a SUPER? You say the word, and we'll do the rest.

Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on Roadmaster and Super only.

THE PARSON SAYS:

—by E. Hampton Barnette

Our bulletin Board at the Whitesburg Methodist Church is changed often, and carries a brief message. Many people read it, and tell me they like these little messages.

The chimes on our church have long ago become a part of the community life. Each day at high noon they ring out over the hills as far as Little Cowan, Solomon, Graveyard Hollow, and Upper Bottom. When it is not possible for them to ring out we soon hear the question, "Why no chimes?" The sick, lonely, distressed, aged and others deeply cherish these great hymns.

During the school period hundreds of our young people march off the hill with the music from the church tower. Nothing cheap, or unworthy is ever played. When there is a death in the community we try to play hymns suitable for comfort to those who sorrow.

When music rings out over the air, it is free as the air we breathe. The poet has said: "Music hath charms to soothe the savage breast."

I was making a pastoral call on Mrs. Douglas Day, who lives above my church. Her little black dog was at the gate. He seemed to say, "No, preacher you can't come in here." I said, "Nice little black doggie," and let him smell my knuckles, but he yelled again, "You are taking your shins in your own hands if you come through that gate." I had no shins to spare, so I got a friendly neighbor to call and have him put in the dog house.

Still a bit dubious about his first barks, I got a little cane, just in case, when he looked "Come on in, you have it." His bark was much louder than his bite. I never fear a Methodist dog, for most of them know me.

I found Mrs. Day a good and kind friend, who used to attend my church often, but is not able to get off the hill now.

About 100 young Methodists met at Neon last Monday for their monthly meeting. As counselor I installed the following officers of the Sub-District for next year: Nancy Sewell, Jenkins, President; Jimmie Burchwell, Seco; V. President; Lela Pigman, Whitesburg, Secretary-Treasurer.

While in Neon I ran into Dan Harmon and former

Mayor Hillard Kincer, and almost missed the refreshments while talking with them. I use to go to school with Dan Harmon. He must have been in the third reader, and I in the fifth. Dan is a musician of some note, as well as a poet.

I drove down next to Kingdom Come the other day. This is a beautiful section of the county. There is enough corn raised in that promised land to feed all the king's horses. When you travel over Letcher county you find a lot of good farming land hid away in the valleys. There is no need of begging bread when it can be raised in the fertile land of these hills.

LIONS

Club

The distinguished guests last week at the Whitesburg Lions Club were: Major Harold Back, Edison Lewis, Hampton, Va., John B. DuPuy III, and Coach Edd Moore, of the Whitesburg High, the latter was the guest-speaker. He stated that the team looked good to him, and urged co-operation and support of the team.

Lion Dan Combs, chairman of the Committee on FISH-FRY for August 21 at the Picklesimer Cabin appointed his little helpers. He designated Lion Orval Hughes as garbage collector, Lion D. S. Setzer, Coffee-maker, Lion McKinley Day entertainment, Lion Jack Blair, fire-boss and Truck-driver, Lion Emmett Fields and Lion Holbrook, pan washers. A few others captured lesser positions on the great event.

The community is aware of the good time awaiting this fish-fry, and will be expected to fill up on the finny tribe. Bring your whole family and help the LIONS CLUB to help those who need help about us. When you spend a dime either for a cut-off tie, or \$1.50 or 75c for a fish feast, you are doing yourself plenty of good and helping others.

NOTICE

There will be a meeting at the Smoot Creek Baptist children's home Sunday, August 31 with Elder Wardie Craft and Elder Earl Howard holding services, Saturday night, which begin at 6:00 o'clock and continuing through Sunday with Elders F. A. Hopkins, Ballard Baker and Esther Hopkins.

Everyone is welcome to both the services. The Sunday meeting will be climaxed by a basket dinner. Come out and bring your basket and enjoy the fellowship and services.

The Old State Capitol building, at Frankfort, now state Historical Society headquarters, is considered one of the best examples of Greek Revival architecture in the world.

Haymond VFW . . .

(Continued from page one) ed by Mr. Venyard Craft) Jack Bailey, Roy Acuff and Joanne Wheately.

There will be a Queen for a day each night of the show and some lady in the audience will be crowned Queen and receive many lovely gifts.

High school girls of Haymond and surrounding communities are practicing daily to perfect their routines and Miss Noel, the director of the show, says that they will really do a good job as the Roxy Rocketts, Hayriders and TV Queens.

There is a section in the show for the little children also. They dress up in costume and enact the story of Snow White and the Seven Dwarfs in pantomime.

The ladies are not forgotten. Several ladies made-up in black face help Kate Smith sing spirituals as the Jubilee Singers.

Then Fred Wearing comes on and announces Joanne Wheatley who sings "Liebes-traum". Jack Bailey and Queen for a day follows. Then Milton Berle has a scene by himself. He changes his voice as he acts out an old fashioned meller-drammer.

Roy Acuff comes back on stage to announce the "Pretty Babies," six men who impersonate Eddie Cantor, Ed Wynn, Jimmy Durante, Faye Emerson, Eleanor Roosevelt, and Dagmar at the age of three.

The VFW and Miss Noel said they guarantee the audience two hours of fun and laughter on the two nights of the show Aug. 20 and 21, Wednesday and Thursday of next week.

The show will be at the Haymond Theater for the benefit of the VFW Building fund.

Mr. and Mrs. Edward Smith, of Nebraska, were visiting here his week.

IN MEMORY OF OUR NIECE, GLADYS COMBS

We want to thank the people very kindly that came in, during her stay in our home, and made the burden lighter for us. And to everyone who brought food and bought flowers or helped in any way. To the preachers who came both nights that were blessed to speak such comforting words. And to Archie and Virginia, who are always so nice and kind. May God bless you all.

She is gone but not forgotten. Never will her memory fade. Sweet thoughts will ever linger. Around the grave where she is laid.

We loved her, how we loved her. But the Savior loved her more. So the Angel sweetly called her. To the bright and happy shore.

The Golden Gate was open wide. A gentle voice said "Come". An Angel from the other side. Welcomed our loved one home. Mr. and Mrs. Dan Frazier and family.

This Reporter Regrets Loss Of Coach Goebel Ritter At Fleming-Neon School

—by Russell Rice—

One of the first big stories this reporter had the pleasure of writing when he came to Letcher County in the summer of last year was that of the appointment of Goebel Ritter as basketball coach of the Fleming-Neon Pirates.

It was a pleasure to write of that appointment because this reporter had been running across the name of Goebel Ritter for many years and over many miles. . . from Mr. Ritter's high school days in Richmond, Ky., to distant islands in the Pacific, where we both served with the Marine Corps in WW II, and back to Eastern State College at Richmond where Ritter became a well known performer in state and national basketball circles.

At the time of his appointment to the Fleming-Neon coaching job, Ritter had just completed his third season with the New York Knickerbockers, professional basketball players who had reached the finals in league playoffs that year and it seemed strange to this writer that such an established star would accept a coaching job at a small school here in the mountains. The reason for Mr. Ritter's coming to this county was later apparent to this writer when told of Goebel's 1947 marriage to the lovely Miss Pauline "Penny" Caudill, daughter of Judge James Caudill of Neon.

During his first and only year at the school, Ritter turned out a basketball team which compiled a good record of 14 wins and nine defeats and advanced to the semifinals of the 14th. Regional Tournament. The team was composed mostly of seniors Goebel had inherited from Coach Darrel Jones, who moved from basketball mentor upon Ritter's appearance at the school. By season's end, Goebel had molded the team along his pattern of play and Juniors and Sophomores on that team gave indication they would be hard to handle in their Senior year.

Now we learn that Goebel has accepted the position of head basketball coach at Hazard High School and we regret that loss, knowing that Letcher County will have a hard time replacing such a fine coach and man. Goebel's acceptance of the Hazard job wasn't a surprise to most of us and we don't feel hard at him for accepting the offer to coach the Bulldogs, for they are Ritter's type of team. By his type of team we mean big boys. . . rugged big boys who will rebound opponents off their feet and play a blazing hard shooting, hard running brand of ball. And of course there's Hazard's big center, Quillen, who showed all state form in last year's regional tournament. Quillen will definitely be the biggest threat in the 14th. Region this

year and he is the type of boy coaches like Ritter love to see in uniform.

And there's Hazard's spacious new field house, which offers a startling contrast to Fleming-Neon's small gym. It must have cramped Goebel's style to have been forced to handle his team in a gym where fans crowded in on both sides of him and his boys, with some of those fans even standing on the playing floor's edge, making the floor even smaller when what Goebel's teams need is plenty of room in which to run.

This writer first became acquainted with the Goebel Ritter basketball story in 1943 when we both were stationed in Camp Elliot, California awaiting shipment overseas. We were not personally acquainted but this writer, always interested in sports and Kentuckians, noted where a graduate of Madison High in Richmond, Ky., had turned in some good performances on the base basketball team. Before we could become acquainted, Goebel shipped overseas. He went to New Caledonia and this person followed overseas three weeks later.

Our paths crossed again on Guadalcanal, where Goebel was starring with the cage squad of the 21st. Marines of the Third Division, but still we didn't meet personally. During a brief stop at Saipan months later, this person again heard of Mr. Ritter, whose team had won the Third Division Basketball championship on nearby Guam. He also

learned that Goebel had suffered a head wound on the sixth day of fighting on Guam. Later, Goebel was with his division in the invasion of Iwo Jima and on the sixth day of his fighting there he was hit by shrapnel in the hand and knee. He was taken to Saipan and then to Hawaii and on to the United States for hospitalization. That was in April, 1945. He was discharged in August 1945 and returned to college at Eastern State that same month. He had completed two quarters at the college prior to the war.

Goebel starred with the Maroons during the 1945-'46 season and quit the squad in the middle of the next season when he married. He returned to the team for the '47-'48 season and was named all KIAC that year.

Ritter went from Eastern to the Knickerbockers and in summer vacation months returned to the college to work on his Master's degree. His mother, Miss Viola Ritter, resides at Richmond.

Goebel has performed under three of the big coaching names of our acquaintance. At Madison High, he performed under Ralph Carlisle, at Eastern, he played under Paul McBrayer and he was tutored by Joe Lapchick at New York.

Goebel Ritter has had a wide scope of the hardwood sport and he has played under the best of instructors and profited by their instruction. He knows basketball and he knows a good deal when that deal has been offered. That's why he accepted the Hazard job and that's also why every basketball team in this region, including favored Hindman, had better watch the Bulldogs this coming season.

Squirrels provided the biggest game-take for Kentucky hunters last year.

Watson Urges Demos. To Register by Sept. 6

Frankfort, Ky., Aug. 13 — All Democrats were urged to register if necessary during the registration period from August 8 to September 6 by Clyde Watson, of Owensboro, who has been named pre-campaign registration chairman by Robert Humphreys, of Frankfort, chairman of the Democratic State Central Executive Committee.

Mr. Watson, who was campaign chairman for U. S. Senator Tom R. Underwood dur-

ing the primary in which his opposition withdrew and who is slated to be state campaign chairman for Senator Underwood and the nominees for Congress, urged that every effort be made to register all eligible voters. Telegrams have been sent by Watson from the state headquarters in Louisville asking the county executive chairman in each county to serve as pre-campaign registration chairman.

Senator Underwood said he had traveled extensively over the state during the past week and is pleased with the favor-

able response to the Democratic national ticket headed by Governor Adlai Stevenson, of Illinois, and Senator John J. Sparkman, of Alabama.

JAYCEE NOTES

Dr. R. Dow Collins, County Health Officer was to have been guest of honor at Tuesday night's regular meeting but the good doctor couldn't make it since he had promised to examine the entire Jenkins High School football team on Monday and Tuesday. He examined 21 Cavaliers Monday night and got the other 15 Tuesday night. Tuesday night's examining took the doctor three hours and he did it on his own time. Our hats are off again to Doctor Collins and we hope that he can be at our next luncheon meeting, when the Jaycees wish to show their appreciation for the time the doctor donated for the dog inoculation program during the summer.

All ads for the football programs are about in and the committee for those programs reminds that no ads will be accepted after Saturday. We hate to leave anyone out of the program but warning has been sounded. The committee has promised good programs this year.

Work on the Pine Mountain observation post and picnic area will be continued by the Jaycees this coming Friday evening. At present, work is in progress on an oven.

Members voted at the last meeting to start keeping the roll at each meeting and enforce the Jaycee law that any member missing three straight meetings is automatically out unless he appeals to the Board of Directors and gets reinstated. This applies, of course, to unexcused absences.

Present at Tuesday's meeting were Albert Routley, Woodford Blair, Jack Little, Emery Lewis, Wayne Lyle, James Collins, Estill Blair, Woody Dawahare, Bob Fike and Russell Rice.

The Jaycees voted to attend as a body the Athletic Association meeting in the Fiscal Courtroom here Monday night, at which time a swimming pool and playground project will be discussed.

The Pine Mountain Baptist Associational Missionary

—by John R. Isaac—

Friends, I am realizing that Letcher and adjacent counties are a group of related people. You better not talk about anybody to anybody else in a disparaging way because you will be talking about their people.

Last week, I visited up Depot or Cow Hollow at Whitesburg. I met Dan Frazier, a brother to Mr. Van and Shade Frazier at Hot Spot. It is a pleasure to know these fine people and to know that good people everywhere appreciate what we are trying to do.

Let me say again that I am interested in your community and its spiritual welfare. If you do not have a Sunday School near you, see me about it—I will try to help you have one.

This week we are conducting a study course in Sunday School work in Harlan County at Loden. This is a small Baptist Church which wants to do better Sunday School work. I am teaching the book "Building a Standard Sunday School." We have a standard which will make a Sunday School better if the school will put that standard into practice.

We now have three standard Sunday Schools in the Pine Mountain Baptist Association. They are Lynch, Central and Whitesburg. If we can get one more church to reach this standard our association will be standard.

My work as Associational Missionary is to help every church in the Association do a better type of work. We want to establish mission stations everywhere we can for God's glory. Our policy is to start nothing unless a New Testament church sponsors it. Responsibility for God's work rests upon the church and that leads me to this week's thought:

"If all the members of my church were just like ME, then what would my church be?" and, believe it or not, your church is just like the members who make it up. If you will pardon the illustration, and it illustrates some church members, a few years ago I discovered I had a very low blood pressure, but I didn't know I felt bad until I felt better, and so it is with some church members. They haven't had a spiritual refreshing until they don't know how bad they do feel, and how good they could feel. See you next week.

What's Your Telephone Worth?

WHEN MINUTES COUNT!

"JOE, MY CAR WON'T START—CAN YOU RUN ME TO THE STATION?"

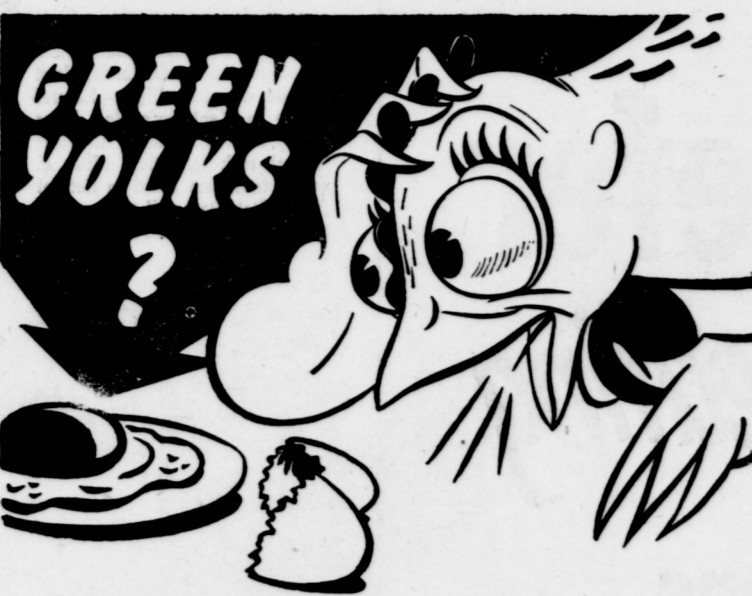

LITTLE problems would sometimes turn into real emergencies without your telephone. In business and at home, it puts you quickly in touch with the people you need.

PEOPLE everywhere are depending on the telephone more and more . . . to help them earn a living . . . serve their family needs . . . have fun and make friends. And the telephone plays a vital role in today's most important job — national defense. — Southern Bell Telephone and Telegraph Company.

GOOD MANAGEMENT—improving methods and equipment, and working facilities to the utmost—is one of the reasons why the price of telephone service has gone up less than most prices.

The Common School Teacher

by E. H. Johnson

Yes, we speak of such human as teachers—of the common schools in Kentucky since 1792. Yet, good school teachers are not common, in fact uncommon. You don't find many people wanting to teach school today.

In a modern cold world today men and women want to make money and lots of it. As a result they do not seriously consider teaching.

Then why do some continue to teach? What are the rewards?

A teacher is an idealist, a sacrificing devoted person,

who would rather build a life and mould a soul than to run a machine or punch a clock.

We have great doctors, lawyers and scientists but some teacher was the spark plug which sent them on the road to success. That is why teachers devote a lifetime to hard work. They work with living things. They are rewarded by beholding the great men they influenced and a life they fashioned which rules the destiny of nations. What more could be desired. Men point with pride to the great machinery they made, but teacher fashioned the life of the man who made the machine.

Teachers believe the man is

more important than the machine. If the teacher was building a machine of steel, he would probably strike for higher wages; but the machine he is building is so important he thinks he cannot quit. It is well for the state that he doesn't quit. Will the man who runs the machine made of steel reward the man who helped the man to make the machine?

A new full-color Kentucky highway map will be available from the Division of Publicity after Aug. 20. Free distribution will be made by the division and chambers of commerce and automotive agencies throughout the state.

CARD OF THANKS

We wish to thank the many friends of our father and husband for the help and sympathy during his sickness and death.

Especially we wish to thank the neighbors, the choir, the pall bearers, Mr. Swoverland and Craft Funeral Home for their care and attention to us.

Mrs. Lillie Manies, John and family, Lloyd and family. pd.

TALKING IT UP!

With Russell Rice

The man who tells the first one doesn't have a chance. We told our fish tales earlier in the season and left ourselves subject to be "out told" and we are "out told" by none other than the honorable Senator Archie Craft, whose fishing experience at Hickory Star last week is worthy of mention in any circle where the elite (fishermen, of course) meet. Before relating this tale, we must assure you, if you don't already know, that Senator Craft is as honest a man as you'll find among any fishermen. However, in case you don't believe his story, the Senator's fishing partner, Mr. V. P. Picklesimer, vice-president of the Southeast Coal Company will confirm the events down to the smallest detail.

The Senator and Vice-President were fishing about forty or fifty feet deep with big chub minnows and not having much luck Friday when the Senator's reel, with brake on, started singing. The line played out a little ways, stopped and started again. The Senator let the fish run a while and then set the hook and the moment he set that hook, he knew he was up against a fighting denizen of the deep for the fish didn't hesitate to display his fighting strength. The fight was short and not too sweet, lasting only a few minutes, at the end of which Senator Craft was left with no fish and a broken fishing rod in his hand. The rod, a true-temper, professional Shakespeare, among the best made, had broken near where that rod fit into the handle. The break was clean, and further proof that the Senator had really latched onto a big one could be seen between the first and second eyes of the rod, where the rod was bent. Tough luck, Senator, but you should have seen the one we let get away.

Our good friend and neighbor, Mrs. Ben (Anna Mae) Bowen, while picnicking on Pine Mountain Monday night with members of her immediate family, thought she saw a flying saucer. The saucer turned out to be a cub plane or at last Mrs. Bowen thought the plane was what she had mistaken for a flying saucer. A word of advice from a saucer expert, Anna Mae... BE CAREFUL, those saucers go mighty fast and that was probably a real saucer you saw. Next time, let us know and you'll be famous.

Henry Webb, from Payne Gap limped in Friday to take out a subscription to The Mountain Eagle and it was good to see Henry able to get about (on crutches) again after being kicked by a mule. We had heard all about Henry's misfortune a couple weeks ago from his brother, Sam T. Webb of Neon. At that time, Sam T. informed us that he asked Henry to get rid of the mule, if anyone would have the critter. Whereupon Henry informed Sam T. that many men had asked for the mule but the animal wasn't for sale. Disbelieving that anyone besides his brother would be fool enough to have the mule, Sam T. asked just who had offered to purchase such a vicious creature and Henry T. explained that he had asked prospective purchasers the same question and they had all mumbled something about mother-in-laws. You carry on from here (my mother-in-law might read this).

But we don't think Henry's mule is so mean, when we compare it to a billy goat owned by Perry Black of Whitesburg. The goat we are speaking of is so mean that Perry can't get rid of it, even to guys with mother-in-law troubles. Recently he thought his goat troubles were over when he sold Bill to a lady neighbor but in just a little while the lady was begging Black to take the goat back at \$5.00 less than she had paid for the billy, with a sack and a half of scratch feed thrown in to boot. She said the goat was too mean. Black took the goat back but he still can't figure who profited on the deal.

Shortly after Perry got the billy back, his goat troubles began anew... for the first move old Bill made was to escape and refuse to be caught. Black got a bucket of feed and enticed the goat to come to him. When old Bill put his nose in the feed bucket, Perry reached for a short chain tied to the goat's halter. Bill saw the hand reaching near his head and he butted upward, catching his owner smack on the nose. Maybe Perry and Henry could work up a trade.

In the family of our late friend Townsel Adams, there were four boys and four girls in this order: girl, boy, girl, boy, girl, boy, girl, boy. How about that?

Services Held

For B. F. Potter

Funeral services were held at the Beaver Dam Cemetery, Wednesday, August 6 for B. F. Potter, 50-year-old Democrat miner who died at the Fleming Hospital Sunday August 3 of a stroke.

The son of Frank and Hannah Hill Potter, B. F. was married to the former Frona Amburgey. He was a member of UMW Local 8810.

CRAFT ALMOST WINS CONTEST

Senator Archie Craft is a man who goes for the big ones and at Hickory Star Friday he thought he had The Mountain Eagle's big fishing contest in the bag.

However, he didn't have the winner in the bag but he probably had it on the hook for the honorable Senator latched on to one which proceeded to get mad and break a good true temper professional Shakespeare rod.

Ferdinand Moore, who works at Senator Archie's Funeral home at Whitesburg, is undoubtedly pleased that his boss didn't net the fish for so far Ferdinand has turned in the biggest catch among county contestants. That big catch was a five pound eight ounce large mouth Bass and the closest person to Ferdinand in that division is Raymond Litts of Jenkins, who landed a four pound nine ounce beauty at the Jenkins Lake in May.

No one is even close to Creed McFalls who entered a three and three-quarter pound small mouth bass for the lead in that division.

Many think Senator Craft's big-one that-got-away was a Pike and if it had been the Senator would have undoubtedly taken first place in the Pike division for no entries have been registered in that division yet.

Competition is still wide open in all categories, with few entries being brought in for the rough fish category. No Pikes have been entered. Small mouth bass and biggest string. If no Pike is entered, Other categories are large and the prize will go in some other category.

Prizes include rods and reels, a Coca-Cola picnic cooler, McGregor jacket and fishing kit. Donating the big prizes are Holstein Hardware, Home Lumber Company, Coca-Cola Bottling Works, Woodys Sundries, Whitesburg; Dawahare's Inc., Whitesburg and Neon; and the Neon Supply Company.

The contest closes September 15. Entries may be made at The Mountain Eagle or before reliable witnesses at the place where the fish are caught.

Kentucky's famous Man O' War, one of the greatest race horses of all time, earned more than \$1,000,000 for his owner, Samuel B. Riddle.

Charlie Wright and his entire force invite you to visit your County Clerk while in Whitesburg on pleasure or business. You will always find a friendly hand and courteous welcome there.
